6. **Section 3.5 Application Requirements, subsection 3.5.2** is amended by deleting subsection (9) in its entirety and replacing it with the following new regulations:

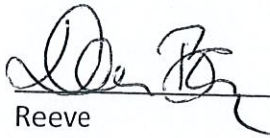

“(9) Solar Yards and Wind Energy Facilities

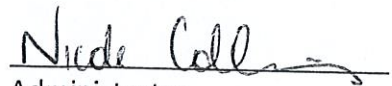

An application for a solar farm or wind energy facility shall provide documentation, to Council’s satisfaction as follows:

- (a) A site location plan showing the subject property, adjacent roads, railways, telecommunications facilities, property lines and all habitable buildings within one (1) mile of the proposal.
- (b) A detailed site plan drawn to scale showing the location of the proposed solar farm or wind turbine(s) and all associated facilities indicating cable locations for domestic usage and power grid connections, existing vegetation, proposed access and landscaping.
- (c) Confirmation of site ownership by the proponent or where the land is not owned by the proponent evidence of site control and right to access through provisions of a lease or easement agreement with the owner.
- (d) Proponents are responsible for obtaining any required federal or provincial permits, licenses and approvals for construction and maintenance of the solar farm or wind energy facilities and must remit a copy to the municipality.

- (e) For wind energy facilities, details respecting the colour and markings for the proposed tower including required lighting in accordance with federal aviation requirements, and validation by a professional engineer of the structural integrity of the proposed supporting tower and foundation or a description of required manufacturing specifications.
- (f) For solar yards or wind energy facilities consisting of two or more wind turbines, additional documentation is required:
 - (i) Illustration of sight line vistas from residential buildings within one (1) mile of the proposed development utilizing photographic representations of the development area;
 - (ii) A detailed decommissioning plan, and decommission cost estimate, addressing the manner of physical removal of the facility, removal of any hazardous materials and site restoration to a natural condition, should the user of the facility be discontinued;
 - (iii) A performance bond, irrevocable letter of credit or other form of security, equal to the cost of decommissioning the facility. The RM shall return the security once the decommission plan has been executed to the satisfaction of the municipality."

7. This Bylaw shall come into force and take effect when approved by the Minister of Government Relations.
